Explanation of Pet Detect / Shelter Pro relationship

Shelter Pro Software is not the manufacturer of the Pet Detect product line. We are an acting distributor of the Pet Detect printer and collar media. Shelter Pro Software works in tandem with the Pet Detect printer and media to produce collar labels for your shelter pets. As such, Shelter Pro will provide support for the Shelter Pro Software product. Issues that may arise with a Pet Detect printer or media, including warranty issues, would typically be handled by Idexx, the manufacturer of the Pet Detect product line.
