Explanation of Annual Technical Support coverage

We can help with issues not related to Shelter Pro. However, payment for technical assistance will be billed in addition to the Shelter Pro pricing structure.
- Technical assistance does not include user training. Training options are available and can be purchased separately.
- Data backups are the customer's responsibility. Daily backups are recommended, however backup procedures are at customer's discretion.
- For support service, customers are welcome to call and/or email as needed. Most issues will receive initial recognition with a first call during normal weekday business hours. However if we are not available please leave a message knowing that we take great care in returning messages.
- At a minimum, any reported issue will get acknowledgement within 48 hours of initial report. In actual practice, most technical support issues will be serviced and solved within a few hours of first contact.

Explanation of upgrades
