*An additional 3.6% charge is added for amounts paid via credit/debit card payments

Shelter Pro Order Form
(SQL Server backend)

Explanation of Annual Technical Support coverage

- Technical support is limited to questions regarding the Shelter Pro system. Problems with computer hardware, software (except Shelter Pro), operating systems, networks, communications, and data recovery are not included in technical assistance fees. We can help with issues not related to Shelter Pro. However, payment for technical assistance will be billed in addition to the Shelter Pro pricing structure.
- Technical assistance does not include user training. Training options are available and can be purchased separately.
- Data backups are the customer's responsibility. Daily backups are recommended, however backup procedures are at customer's discretion.
- For support service, customers are welcome to call and/or email as needed. Most issues will receive initial recognition with a first call during normal weekday business hours. However, if we are not available, please leave a message knowing that we take great care in returning messages.
- At a minimum, any reported issue will get acknowledgement within 48 hours of initial report. In actual practice, most technical support issues will be serviced and solved within a few hours of first contact.

Explanation of upgrades

- Build upgrades - newer builds of a version will typically include enhancements which are identified and implemented while not requiring a version upgrade. Build upgrades are included with annual licensing with the SQL Server backend option.
- Version upgrades –Version upgrades come about when significant enhancements are implemented which require a change in the database structure. Version upgrades are included with annual licensing with the SQL Server backend option.
- Upgrades are provided via internet download. High speed internet access is required.

Explanation of Annual Software licensing

- Shelter Pro is licensed to customers on an annual basis. Pricing is based on the number of concurrent users a customer requires in their environment. Additional user licenses can be purchased if more are required at the pricing described on this order form. Annual renewal pricing is subject to change.
- An invoice for renewal will be sent prior to license expiration. Once renewal payment (or purchase order) is received, the software license will be extended for an additional twelve (12) months.
